Dear Roseann,

Thank you for continually providing superb vendor support to Cushman & Wakefield. You've consistently responded in a timely manner to our requests, no matter how out of the ordinary. And, I appreciate your ability to accommodate us. The attention you've given us goes beyond the standards of the typical vendor / customer relationship, but rather has transcended to the level of partnership.

US Coffee is fortunate to have on their team.

Best regards,

Kira Morrison
